PARKS'

Cotton Manufactures.

ESTABLISHED 1861.

COTTON YARNS

Awarded the only medal given at the Centennial Exhibition for Cotton Yarns of Canadian manufacture.

Nos. 5 to 10's,
WHITE, BLUE, RED, ORANGE AND GREEN,

made of good American Cotton with great care, correctly numbered, and warranted full length and weight.

We would ask purchasers of Cotton Warps to remember that our Yarn is spun on Throstle Frames, which make a stronger Yarn than the Ring Frames used in making the American Yarn.

It is also better twisted and more carefully reeled, each hank being tied up in seven lease of 120 yards each. This makes it much more easy to wind than when put up without lease, as the American Yarn is, and also saves a great deal of waste.

Those acquainted with weaving, will understand the great advantage it is to them to use Yarn put up in this manner.

COTTON CARPET WARP

Made of 10's Yarn. 4 Ply Twisted,
WHITE, RED, BROWN AND SLATE,

ALL FAST COLORS.

Each 5lb bundle contains 10,000 yards in length, and will make a length of Carpet in proportion to the number of ends in width.

We put more twist into this Warp than it formerly had, and it will now make a more durable Carpet than can be made with any other material.

Since its introduction by us a few years ago, it has come into very general use throughout the country.

BEWARE OF IMITATIONS.

None is Genuine without our name on the Label.

GREY COTTONS

IN VARIOUS QUALITIES AND WIDTHS.

This Cotton will be found quite equal to American in appearance, and owing to the Yarn being harder twisted, it will prove much more durable.

It is made with the smallest possible quantity of Sizing, and is consequently very much superior to any English Cotton imported.

Our Grey Cotton has our Stamp upon it.

Beam Warps

FOR WOOLLEN MILLS,

*Any width and any number of Yarn. Single or
Double and Twisted, White and Coloured,
Warranted to weave well.*

Our Goods are sold by us to the Wholesale Trade only, from whom Country Merchants and Consumers can always obtain them by asking specially for them.

Dr. Baxter recommended "Robin.

THE AVERAGE BOY and a good-sized lump of maple candy, form the materials from which we might deduct self-evident conclusion regarding the facility with which attachments are formed in early life, when the circumstances are at all favorable. Among other good illustrations we might also particularize the case of the little fellow, who, as an inducement to his indulgent maternal relative to make an addition to his customary dose of **Robinson's Phosphorized Emulsion**, suddenly brought the matter to a focus by exclaiming, appealingly—"Just gim' me one more teaspoonful and I'll go right off to sleep."

**ROBINSON'S PHOSPHORIZED EMULSION OF COD
LIVER OIL WITH LACTO-PHOSPHATE OF LIME**

is particularly adapted to delicate Females in those low states of the system that manifest themselves in so many of the ailments peculiar to their sex. To the aged and infirm its nourishing and invigorating properties will give renewed strength and buoyancy of spirit; while to very young children its continued use will be found of incalculable benefit, as its tonic and nutritive properties supply the blood with strength giving materials for bone and muscle structure, and thus furnish the foundation for strong and healthy constitutions. It is very pleasant to the taste. Prepared only by J. H. Robinson, St. John, N. B., and for sale by druggists generally. Price \$1 per bottle, or six bottles for \$5.
